Dear Mr Neven:

I am sending you a cheque for \$25.00, which is composed of three \$5.00 contributions from Drs. Prinrose, Watson, and Rudolf, and \$10.00 from myself. I hope that you will be able to secure the rest of the money from other Alumni, so that there will not be a heavy burden upon any one in particular. I am sorry that you had so much trouble about the matter, and hope that the dinner next year will not involve you in such expense, however, everyone who has been there has spoken of the way the dinner went off in warm appreciation, thanks to Dr Maloney, yourself, and Dr ^{nee} Prinrose.

Please give Dr Maloney my kindest regards, and with best wishes to yourself for the New Year, I am

Yours sincerely,

President.
